

ROBUS R LEATHER

American Inspired. German Engineered. Totally Green.

Robus Leather Corporation is proud to be a manufacturer that contributes credits for the United States Green Building Council (USGBC) LEED program.

Materials and Resources Category:

MR Credit 3.1: Materials Reuse 5%

MR Credit 3.2: Materials Reuse 10%

Summary: Salvaged Robus Leather Tiles can be re-used for New Commercial and Commercial Interiors.

MR Credit 4.1: Recycled content 10% (post-consumer + ½ pre-consumer)

MR Credit 4.2: Recycled content 20% (post-consumer + ½ pre-consumer)

Summary: Robus Leather Tile is made of 70% recycled post-industrial leather scrap. Products containing recycled content that include the sum of the post-consumer content and ½ of the pre-consumer content make-up of at least 10% and / or 20% of the total value of the product materials used in the project to attain the LEED credit.

MR Credit 5.1: Regional Materials 10% extracted, processed, and manufactured locally

MR Credit 5.2: Regional Materials 20% extracted, processed, and manufactured locally

Summary: Robus Leather Tiles are manufactured in Madison, Indiana. This credit can be used for projects within a 500 mile radius of Madison, Indiana, that use 10% and 20% (based on cost) of the total materials value.

MR Credit 6.0: Rapidly Renewable Resources

Summary: Requirements for this LEED credit calls for the project to use rapid and renewable building materials and products for 2.5% of the total value of materials and products based on cost. Robus Leather Tiles are made from cowhide, fish oil, and para rubber tree sap, all are designated as renewable.

Indoor Air Quality Category:

EQ Credit 4.1: Low Emitting Materials: Adhesives and Sealers

Summary: BASF CX-1000 Adhesive is a low Volatile Organic Compound (VOC) product.

EQ Credit 4.4: Low Emitting Materials: Composite Wood and Agrifiber Products

Innovation and Design Process Category:

ID Credit 1-1.4: Innovation in Design

(LEED Commercial New Construction (NC) and LEED Commercial Interiors (CI) Rating System)
